It is generally conceded by friends and foes that J. P. Buckley, Commissioner of Agriculture, had plenty of room in Portland for his so-called "State Dairy Conference," held by him last week. Whether he can take the State stipend that should be coming to the organized Maine Dairywomen's Association and give it to the State Dairy Conference is an open question that it seems "the voice of the people" should decide.

Annual Parish Meeting.

The Annual Parish supper and meeting of the Second Congregational church was held in the dining hall of the church Wednesday evening. An excellent baked bean, pastry and salad supper was served by the ladies of the parish which was thoroughly appreciated by about 140 who were in attendance.

After the supper was served the meeting was called to order by the clerk, George W. Holmes, who read the church warrant. The following officers were chosen:

The report of the church collector, A. L. F. Pike showed that during 1911, \$146.53 was received from pew rentals, \$597.26 from the signed pledge cards and \$148.95 taken by collections, making a total of \$1392.74.

The treasurer, E. N. Sweet submitted his report for 1911, which showed the total amount received during the year to be \$2876.50. The expenditures during the year were a little larger than in some years, account of various repairs, etc. The total of \$2808.17 was paid for repairs and painting. There is a total of \$99.60 on hand.

Mrs. Fidelia Pike.

In Monroe, Wis., at the age of ninety-two years, and after a brief illness of scarcely a week, Fidelia J. High, wife of the late Charles Pike, passed to rest quietly, peacefully as a sleeping child—at 2:30 on Wednesday morning, Dec. 20th, at her home, which for some time has been with Mr. and Mrs. C. W. Twining.

Mrs. Pike was born at Turin, N. Y., on October 2, 1819. She was married at Martinsburg, N. Y., on June 15, 1836, to Judge Geo. L. Way. They came to Wino, Wis., that year, and settled. On the death of her first husband she married Charles Pike, of Argyle, Wis., Dec. 24, 1861. Mr. and Mrs. Pike took up their residence in Monroe in 1865, where Mr. Pike passed away on Oct. 2, 1886.

Charles Pike was an uncle of Mrs. Susan Kelly, L. F. Pike and Frank Pike of Norway.

They had no children, but Mrs. Pike and the daughter of an adopted daughter had made their home together since Mr. Pike's demise, and in her old age, the tender care of her daughter, Staver Twining.

Mrs. Pike was a lady of more than ordinary intelligence; she was industrious and capable—and to the time of her last illness. She loved to do work for her friends, and without compensation. It is related of her that she crocheted 200 shawls, or wraps within three years for her friends, who only furnished the material. This was only one branch of her industry in later years. She was devoted to the M. E. church for many years, presenting the church a pipe organ, which was installed when the new church was erected.

Christopher pastor of the Adams Square Baptist church officiated. The young couple will continue to reside at their home at 53 Pine Street in this city.

A Little More for Lake Improvements.

Will Libby, who has been endeavoring to improve conditions on the Lake this fall, during low water by removing the dangerous rocks and stumps, has succeeded in making a great change for the betterment of the Lake as a whole, "but" says Mr. Libby, we need at least \$100 more to finish removing a few more rocks and to put up a couple more bonyrs to keep the rocks and stumps from drifting. This is rather a bad time in the year to be asking for money to improve travel on the Lake but after the winter comes the summer with the pleasures of the lake and that will be the time when we have been accomplishing will be appreciated by all sojourners of the lake. A small amount of money from different sources will be as acceptable as the entire amount from one individual and many will have a share in the work.

Cures that last are cures that count.

Doan's Kidney Pills make thorough cures.

The following case is typical. Norway residents should be convinced.

The testimony is confirmed—the cure lasted.

Proof like this cannot be ignored.

Mrs. P. A. Walker, Cottage St., Norway, Me., says: "I used Doan's Kidney Pills some time ago and they greatly benefited me. My case was not serious, but I had symptoms of kidney complaint and decided to try a good remedy. I procured a box of Doan's Kidney Pills at Stone's Drug Store. A short time after using them I felt better in every way."

The above statement was given July 24, 1908, and on July 13, 1911, Mrs. Walker said: "Although three years have passed since Doan's Kidney Pills cured me, I have been as free from kidney trouble, as if I had never had it." 52 1

Send the answer on or before Jan. 20, to Edwin R. Briggs, West Bethel, Maine.

The answer to the enigma printed in the Advertiser, dated Dec. 1st is:

"Hope is the dream of a waking man."

Seven sent the correct solution in the order here given.

1. Mrs. Leon K. Dow, Waltham, Mass.

2. Mrs. Nellie Brown, North Bridgton.

3. Mrs. C. H. Buck, Norway.

4. Minerva, Bryant Pond.

5. Howard K. Kirk, South Harrison.

6. C. A. Haskell, Norway.

7. North Norway, Norway.

New I will give you a few hints to aid you in solving this week's enigma. Don't mark down morn for "the break of day," toil for "labor," gain for, "to lay up," whip or lash for "to beat," brow for "a part of the face," nor chew for "bite." Be sure you guess the right words, and you will have the answer.

In and About the Lake Country. Some Descendants from Oxford County People. More About Oxford County People. A Tribute to the Noble Self-sacrificing Oxford County Woman.
No. 11.

I have had but little chance to engage in my favorite sport of fishing since my return, for the fall rains and storms have kept the water so low that it is not possible to get out on the shore. But the fishing trip to the lake and fish with gill nets have been reaping a rich harvest, often bringing in a single day from twenty to thirty tons of the fish, mostly herring.

I went to one of the fish packing houses on Dec. 4th, and saw a steam tug almost loaded down with fish just brought in. I bought sixteen pounds of the herring dressed for shipment, that is with their heads-on and entrails taken out. There were twenty-six in the lot, they were fat and plump and made good eating. The fishing season closed Dec. 7th, and will not open again until the ice goes out in the spring. They tell me that fishing is very good here with hooks, and line fishing through the ice all winter.

My family, "the nieces," Rev. W. J. May and Mrs. May, and the little Miss Margaret are well, and prospering with their church work. The church also is prospering. Since they began work here last April they have taken in 38 new members, most of them on confession. Last night a minister, Rev. Clark, pastor of a Cleveland church, lectured in the church in the interest of the Home Missionary society. He had been brought up as a slave and his lecture was one of great interest. Today the Ladies Aid society are holding their annual fair and supper. For weeks they have been working for the success of this interesting event to help out the finance of the church. The proceeds of the bazaar will help pay for a new furnace installed last summer. Next week the Glee club of Painesville will give an entertainment at the church, the church to have one-half of the profits, which go toward paying for a new piano bought last spring.

The weather here for the last two months has been wet and cloudy most of the time. We have had a few light snow-falls which have melted almost as soon as it came. Our coldest weather has been 22 above.

Politically things are badly mixed here in Ohio. This county, Lake, is the home county of the Garfields, and James the younger still claims his home at Mentor, a few miles west of Painesville. Mrs. Garfield, the widow of the late President, makes her home at Pasadena, Cal., although she still retains the old homestead at Mentor. Lake County is nominally Republican by a large majority, but in the election this fall James Garfield was defeated as a candidate to the Ohio Constitutional Convention by a majority of 500 votes and by a Democrat. There are insurgent Republicans and insurgent Democrats, and both Taft and Harmon will have to work hard to secure a solid State delegation to the National Convention.

The strong temperance wave that swept over Ohio three years ago when some sixty counties voted to live on the Ross county local option law seems to be receding in a measure. Under this law elections cannot be held often than once in three years. Of ten elections held this fall eight counties have voted to live on the Ross county law. Astabula county, Dec. 5th, cooled the ardor of the wets. It is one of the largest counties in the state and voted by over 2,500 majority, a gain of over two hundred votes over the election of three years ago.

The city of Newark, Ohio, is still at work trying and convicting the lynchers of young Etherington, the dry detective, more than a year ago. Of the twenty-five men indicted for first degree murder, all but one have had their trial. A few were set at liberty but the larger portion, eleven in number, were convicted and sentenced to long terms of imprisonment in the Ohio state prison at Columbus. The trial of the young man, who had been paid for the lawless acts of the hoodlums among her population. But the way the courts have meted-out justice will be a warning to the guilty ones to think before they act.

joining, and he and his cousin made their home the balance of their lives. They loved the old home and their old associations, and most of all their summer vacations. When they were in the old home land where they boarded with old time friends and where they could breathe the pure air and view the pine clad hills and green fields of dear old Oxford county.

Three years ago I visited them at Sweden Corner, where they were boarding with friends. Dean had just returned from a successful fishing trip to a near-by trout brook. A few days later I again met him at his brother Henry's at West Fryeburg, and together we took a stroll down to the banks of the Saco where we viewed the grand old Swan's Falls and investigated the electric power plant, then, but recently installed. A year ago last summer they made their last vacation trip to the land they loved so well and while there Mary Webber was taken ill and died, and was laid away beside the dear friends who had gone before in the winter cemetery. And now, after a well spent life of most eighty years, Dean Andrews' life's journey has ended. Having paid the last great debt which we all owe to good old Mother Earth, he now sleeps beside many of his old friends and kindred in the peaceful, quiet graveyard at West Fryeburg.

Some one has truly said or written something like this, "If you have kind words to say to me say them to me now, that they may help to ease me along this troubled pathway, don't wait, till I am dead and inscribe my virtues on the cold and lifeless marble, or wreath my grave with bright and fragrant flowers that wither and decay in one short day." And in this connection I would like to add a few well merited words of praise to the sister, Calista Andrews, who for nearly fourteen years presided over the Dean Andrews' home, and cared for with sister's deep devotion her dear brother and her aged cousin, Mary Webber.

She attended the common school at home and Fryeburg Academy. She then attended Oberlin College from which she graduated and prepared herself for a high position as an educator in the public schools.

On the death of her brother Dexter's wife in 1870 she gave up her high ambition as a teacher, and going to River Falls, Wis., was installed as his housekeeper and cared for the dear and his little motherless daughter, Amy. Upon the death of Dr. Andrews in 1885, she was made joint owner with Amy of the doctor's life property.

About 1877 her sister, Mary Winchell, who had gone to live in Sweden, was stricken with "The great white plague" and hoping that a change of climate would restore her to health, Calista took her to California, but she continued to decline and on May 6th 1878 passed away in San Francisco and was brought back to Wisconsin for burial. Her little son, Walter was taken to the heart and home of aunt Calista.

Knowing by her own experience the high standing of Oberlin College as an educational institution and wishing to give her young wards the best education possible, she moved to Oberlin and either built or bought a fine large eleven room house, where with all a mother's care and devotion she cared for the religious, educational and physical wants of her youthful charges. She kept an open house and freely gave the benefit of her home to several of her young friends.

Mr. May, now the Rev. May A. Williams, enjoyed the hospitality of her home for two years, and when she left it was with a thirst for that greater knowledge that later fitted her for the high position which she now holds in the gospel ministry.

The one great sorrow of her home while in Oberlin was the death of Amy. She was a bright, talented and lovely girl just budding into womanhood, and with everything to live for, she died of world class gold, grand and noble. But she could not stay, for the heavy hand of that fearful scourge—consumption had been laid upon her, and like a beautiful flower she faded and passed away.

In due time Walter Winchell and Fred McKee another of her youthful proteges, graduated from the college, and she feeling that the mission for which she went to Oberlin had been accomplished, gave her beautiful home to Oberlin College.

After closing her Oberlin home she took charge of the young people's branch of the Woman's Board of Missions of the Interior, a work which she greatly enjoyed. But not for long. For again the call of duty came, and she listened to the call and about fourteen years ago she went to Danvers, Mass., and began her labor of love and devotion, in her faithful housekeeping and caring for Mary Webber, who herself growing old and worn out by the constant care of her invalid cousin, was glad indeed to turn the task over to younger and stronger hands.

Through all these years of self-sacrifice and devotion, she kept her shoulder to the wheel, and met each care and duty with a brave heart and a cheerful smile, although she with tired limbs and aching brain. And now that her task has ended, she is resting quietly at her home in Danvers. She has cast "bread upon the waters" and it may return to her a hundred fold, both in this life and the life to come. That she may regain her health and strength, and be weakened by her constant vigil at the bedside of the sick and live long years to enjoy the fruits and blessings of a well spent life is the wish of her many friends.

A few days ago I received a letter from G. H. Moore of Lovell village containing the original subscription list for the building of the brick-church at the village, which at the proper time I shall send to the ADVERTISER to show that I was right in claiming that the village church was started first and finished a short time before the Center church.

I gave up my plan for a visit to California this fall some time ago, and shall start for Hurley soon after New-Year's, where I shall be at home in my den on the "Old Homestead" farm in Spring Valley, for the next three or four months. LOWELL'S ANIMAL FERTILIZERS

A VERY NECESSARY FACTOR in the raising of profitable crops, is the reasonable use of the right kind of fertilizer, not only to stimulate plant growth and proper nourishment, but to improve the nature of the soil as well. You are sure of such crops by using Swift's Animal Fertilizers properly applied. Being rich in organic matter—Bone, Blood, Meat, with high grade potash, they supply essential plant food in available forms.

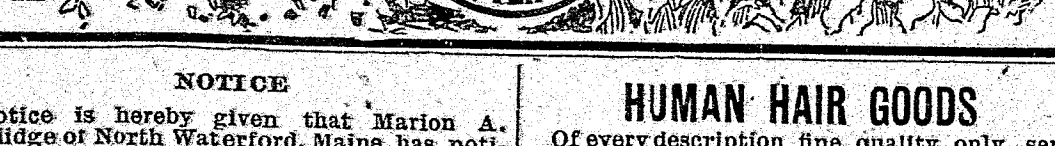

READ THIS EVIDENCE "I started last spring to raise a big onion crop, and notwithstanding the dryest season for years, I harvested 340 bushels on one-half acre. I used a fair amount of stable dressing and one-half ton of your Potato Fertilizer—also my potatoes were a good crop, yielding a bushel from eight hills on part of the field. I consider your Fertilizer the best I ever used."—A. ANDERSON, Lakeville, Me.

"I used five tons of your Swift's Potato Fertilizer last season on 15 acres, and got a crop of 1000 bushels of nice potatoes, and naturally I am well pleased with the results."—G. K. LINNELL, Stetson, Maine.

Swift's Lowell Animal Fertilizers are made for all soils and all crops. Our formulas are based on fifteen years' practical experience with New England needs and conditions. See our local agent, or write us directly for our valuable Crop Handbook.

FRYEBURG CENTER.

Mrs. Mary S. Chase Chandler.

Mrs. Mary S. Chase Chandler died of heart failure and old age in Fryeburg, Me., Dec. 28, at the age of 88 years. She was born in Fryeburg, Nov. 9, 1823 the daughter of Seth and Betsy Shirley Chase. She married Joseph Chandler, April 18, 1842.

Mrs. Chandler lived in Fryeburg till Nov. 26, 1909, when she moved to Fryeburg. She leaves a daughter, Mary Elizabeth Chandler, who married Dr. Olaf W. Charles of Fryeburg, Nov. 21, 1883. They have resided in Fryeburg since that time.

The burial was in Fryeburg village cemetery, New Year's day.

Bertha Meserve of the village was recent guest of her friend, Sybil Barker.

Mr. and Mrs. E. Goodridge attended a dance at East Fryeburg, Friday evening.

Mr. and Mrs. French Barker returned Saturday from a week's visit in Farmington.

Mrs. E. Goodridge and Mrs. M. Chandler had a sleigh ride Thursday afternoon and called on Mrs. Fred Holt.

Stilman Barker will cut and draw some timber for Mrs. Amelia Walker, of Lovell this winter. John Gray will assist him.

Another year with its varied changes has passed and we enter on a new year. How many of us will be spared to welcome the year of 1912 remains to be seen.

Callista Andrews of Castine Normal school received a very fine Christmas present from her aunt in Danvers, Mass. She was spending the holiday recess at her home here, when the piano came Xmas morning.

Our section with the adjoining neighborhood of East Conway experienced one of the hardest winds, Dec. 28, that was ever known here. It did much damage to timber in the East Conway district. It seemed to come in a vein, leveling all in its path.

A few mornings ago as James Boutwell came out of his house doing chores he noticed an owl flying over with something in his claws apparently too heavy for his progress. Mr. Boutwell being curious to learn what his game might be, watched to see the owl alight with his prey, but following saw the owl drop a partridge, large and plump, directly in his path, the owl then alighting in a pine in the edge of the woods. The owl went breakfastless while Mr. Boutwell secured the game, but not alive.

Many owners of tracts of pine land in this locality including the eastern part of Conway, N. H., are heavy losers by the frightful wind storm of last week Thursday and Friday. Of these Richard Webster, Arthur Shirley, Walter McWhorter, G. M. White, and the Kell y Brothers, E. Flint, Raymond Ballard and Charles Page are reported as suffering losses aggregating three or four hundred thousand but it may be a little less when the market is as it will be as soon as possible. The work of clearing the fallen timber is already begun. The wreckage is said to be fearful to contemplate. In this immediate section the damage seems confined to the breaking off of large limbs of trees by the roadside, in some places interfering, temporarily with travel.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle on request by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make a mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Safe Treatment for Headache.

The rational treatment for headache is to get at the cause, if possible, and remove it. Headache is only a symptom of trouble somewhere in the system, and dosing with tablets or powders containing acetanilid or other coal-tar derivatives which stop the pain temporarily but weaken the heart, is at once unsafe and unwise. The headache may come from your eyes, then a good oculist can help you at once with proper eyeglasses; but if it comes with furred tongue, loss of appetite, nausea, and constipation, it is usually the result of disordered digestion, or torpid liver, and one or two doses of L. F. Atwood's Medicine will speedily help you by carrying off impurities and restoring the clogged digestive organs to their normal activity. In using this old reliable remedy, you take no chances of weakening the heart's action.

It has a record of sixty years as a safe headache remedy. The "L. F." Medicine Co., Portland, Maine.

FRYEBURG.

89 Years of Age.

The friends of William Durgin were invited by his landlady, Mrs. Frank Thorne of the Argus Not, to help cheer his 89th birthday anniversary.

At Mr. Durgin's reception Saturday, Mrs. Martha Charles was present, whose birthday was on the same day. She was born in Stowe, at the end of the road, 87 years ago. She is truly 87 years young. Looking at her smooth, fair face, brown hair and clear eye, it is hard to believe she lived in the days when cooking was done before the fire in a baker, and spinning wheels and looms were in fashion. Tobias Eastman was present, also having a birthday. Mrs. Mary Hastings, another of Fryeburg's brown-haired ladies, was warmly welcomed. She was Mary O'Brien of Cornish and born Jan. 30, 1827. A letter was received from Mrs. Georgiana Barrow, a schoolmate, now 84 years of age. Letters also were read from Miss Stark and Miss Shedd of Washington and from Mrs. Abby Warren of Fryeburg.

A large birthday cake was served to the guests with other delicious refreshments. Flowers and many remembrances were received.

In 1852 he married Olive Phenix and they went to live in the old home in the village. The farm was a mile and a half from the village. Mr. Durgin died ten years ago. Mr. Durgin lived in the house where he was born until it burned in 1906. He still owns the farm and says he shall not part with it as long as he lives.

Mr. Durgin went to Fryeburg Academy in the days of the famous teacher, Mrs. Richardson. Hon. Parris Gibson, senator from Montana, was a classmate of his. About this time many prominent men attended school, among them, George Ingalls, James Ripley Osgood and his sister, Kate Putnam Osgood, A. A. Strout and Stephen Henry Chase.

Let us show you our KIRSCHBAUM Clothes. They illustrate exactly what we mean.

KIRSCHBAUM fabrics are guaranteed ALL-WOOL, KIRSCHBAUM Suits and Overcoats are strictly HAND-MADE. They are the quality clothes.
